

## **Recommendations**

**Jamie Martin BSc (Hons)**  
**Managing Director & Founder**  
**Coach | Sales Trainer | Consultant**

It's been my pleasure to have Jamie in my team for the last 2 years, from Team Manager through to being promoted to Business Manager. Jamie has worked exceptionally hard, he has always dedicated himself to his clients, candidates and team members ensuring he delivers the best service. A great Manager to have as part of my Team.

### **Head of Business for Reed Sales division (Reed Recruitment)**

Jamie was an absolute pleasure to work with. He is one of the most tenacious and hard working recruitment consultants I have ever met. Adept at filling senior sales roles (including those overseas) he always worked tirelessly for his client until each project was successfully completed. A valued member of the Senior Management Team for his confidence and commercial application I would have no hesitation in recommending Jamie to any client looking for a talented recruiter.

### **Previous Divisional Director for Reed Sales, Reed Insurance and Reed Into Recruitment divisions (Reed) & current Operations Director at McCall Ltd**

I worked with Jamie for just over 14 months during his time with REED. I can honestly say that I have rarely seen such a hard working, committed and driven individual. He led his team from the front and would never ask of them anything that he would not do himself. I am sure that Jamie will succeed with whatever he decides to do next and genuinely wish him all the best for the future.

### **Area Manager for Reed Marketing division (Reed Recruitment)**

Jamie is a skilled, committed and consistent Team manager. In a world of number games it is a rare find to find a recruiter fighting one's corner and staying committed for the duration of one's job hunt. Jamie comes into his own here, working hard on an individual's behalf, in finding the vacancies, promoting the candidate's skills to his client and also schooling the individual as to how best to present oneself. Recruitment has changed over the years and I find some of the old school values, namely truly matching the client to job, strong work ethic, dependability and responsibility, possessing a positive attitude, adaptability, honesty and integrity and professionalism are part of Jamie's DNA. Reed are very blessed indeed to have him as part of their business.
